

Recommendation Letter

To whom it may concern,

I am pleased to recommend Adrian Justin Salinas, who completed the FlyRank AI Internship Program from July 1, 2026 to September 10, 2026 in the role of Back-End AI Engineering Intern.

Throughout the program, Adrian completed practical assignments applying curriculum in API contracts, Task design and prompting, Retrieval and grounding, and Evaluation and operations.

The program record documents at least 61 hours across practical assignments and accepted capstone work.

As the culminating project, Adrian completed "LLM Usage Metering & Billing Service," which was reviewed and accepted by the lead track mentor.

Based on this verified completion record, I recommend Adrian for opportunities aligned with back-end engineering and applied AI systems.

The approved internship specialization was Backend AI Engineering; the independently qualified completed track was Backend AI Engineering.

About this recommendation	
Recommendation for	Adrian Justin Salinas
Program role	Back-End AI Engineering Intern
Program completed	FlyRank AI Internship, July 2026
Primary specialization	Backend AI Engineering
Completed track(s)	Backend AI Engineering
Participation period	July 1, 2026 to September 10, 2026
Program supervisor	Arijana Ibrović - Director of Internship Program

Sincerely,

Alen Malkoc
